CHILDCARE**

FOCUS ON THE DEVELOPMENT OF YOUR CHILD

We believe that good collaboration between childcare and elementary education is the future. That's why we focus on an ongoing learning line for children from 0 to 13 years old. Our goal? To guide, stimulate and inspire children while growing up. This is how we lay a good foundation and enhance their chances and happiness in life.

CHILDCARE AND EDUCATION GO HAND IN HAND

The connection between childcare and school is also practical: at most locations, we offer childcare and elementary school under one roof. We take care of your child at one familiar location, where childcare workers and teachers work together.

ABOUT OUT-OF-SCHOOL CARE

If your child attends elementary school, he/she can join the out-of-school care. It is childcare for children between 4 and 13 years old, that aligns with school hours. The minimal amount of out-of-school care you can sign your child up for is half a day a week.

• Out-of-school care before and after school

During school weeks your child can attend our out-of-school care before and after school hours.

• Childcare on study days and during holidays

We also offer out-of-school care on study days or during holidays. Your child is welcome either at his/her regular location or at another location nearby. The biggest advantage of our childcare locations working together during holidays, is that there will be more peers for your child to play with and that we can offer challenging activities for every age group. At most of our locations, we only offer full days of out-of-school care during holidays. Check the website of your location to see if this applies to your location.

THE SUBSCRIPTIONS FOR OUT-OF-SCHOOL CARE WE OFFER

SAFELY TO OUT-OF-SCHOOL CARE

We make sure your child will go safely from childcare to school and from school back to childcare. Older children are allowed, only with consent of their parents, to travel home or to sport clubs by themselves.

FOOD BROUGHT FROM HOME

Is your child doing sports or other activities after out-of-school care, or are there other reasons why you would like your child to eat while at out-of-school care? Your child is allowed to bring a bread meal from home. Please take into account that you can pick your child up between 5 PM and 6.30 PM.

'Our daughters enjoy their time at the out-of-school care at KC Kleinerf so much, that they don't feel like going home when we come to pick them up. The nanny's are continuously active with the kids: playing games, doing crafts or playing outside. Our girls like to participate in all of the activities!'

-Anne, mother of Liv (7) and Nola (4)

CHILDCARE ALLOWANCE

The mentioned prices in the table above are not the net prices the childcare cost you as a parent, if you are entitled to receive childcare allowance from the government: kinderopvangtoeslag. You can easily calculate the amount of your allowance and the net hourly rate, using the calculation tool on our website. The Belastingdienst calculates your allowance based on your taxable income. The hourly rates that we use are gross amounts and will be converted into a fixed monthly rate. That means that also during holidays, you receive our bill.

HOW TO APPLY FOR CHILDCARE ALLOWANCE?

You need to apply for the allowance on the website of the Belastingdienst via Mijn toeslagen or by using the app Kinderopvangtoeslag. Don't forget to pass on price changes or a changed amount of hours of childcare. If you do so timely, you will receive the correct allowance. After starting the childcare, you need to let the Belastingdienst know within three months. In case of changes, you need to inform the Belastingdienst within four weeks.

COMMUNICATION THROUGH THE PARENT PORTAL

As a parent, it is important to know how your child is doing, also when you are not around. We think communication with parents is very important. We communicate with parents through the parent portal. Here, you find photos of your child doing activities in the group, newsletters and messages, as well as bills, annual statements and other important documents like the terms, conditions and protocols. Six weeks before daycare starts, you will automatically receive an e-mail with an invitation to log into our parent portal.

Do you know in advance that your child will not be attending childcare at your regular day? Please let us know through the parent portal. It helps us with our staff planning. And it gives other parents the possibility to exchange a day. If you timely cancel a day of childcare through the parent portal, it will be turned into absence credit. You can check your absence credit in the parent portal.

You receive absence credit...	You can use the absence credit
If you let us know your child won't be attending childcare at least 21 days in advance or if your regular day of childcare falls on a national holiday	30 days before or 60 days after the date

EXCHANGE SERVICE

Our exchange service gives you the opportunity to swap a day (or half a day) of childcare. You can request the exchange days through the parent portal and use the absence credit without extra charge. We will check if there is space for your child on the requested day in the group. You can find the terms and conditions of our exchange service on our website and in the parent portal.

NOTICE PERIOD

Do you want to end your contract or reduce the amount of days or half-days? You can do so by writing us an e-mail. The notice period is one month.

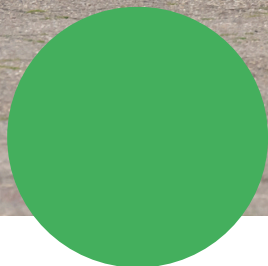

NATIONAL HOLIDAYS

We are closed on national holidays; check the list below. Our facilities close at 5 PM on December 5th, December 24th and December 31st. On Wednesday April 9th 2025, we have planned an annual study day for our staff. Our facilities are closed on this day. Is this your regular day of childcare? Then you will receive financial compensation.
