CHILDCARE**

FOCUS ON THE DEVELOPMENT OF YOUR CHILD

We believe that good collaboration between childcare and elementary education is the future. That's why we focus on an ongoing learning line for children from 0 to 13 years old. Our goal? To guide, stimulate and inspire children while growing up. This is how we lay a good foundation and enhance their chances and happiness in life.

CHILDCARE AND EDUCATION GO HAND IN HAND

The connection between childcare and school is also practical: at most locations, we offer childcare and elementary school under one roof. We take care of your child at one familiar location, where childcare workers and teachers work together.

ABOUT CHILDCARE

We offer childcare for children from 0 to 4 years old. Between 7.30 AM and 6.30 PM we take care of your child in a safe space, where the childcare workers know your child and offer activities that suit your child's development. Is your child (almost) between 2 and 4 years old? We also offer pre-school, to prepare our children for elementary school.

THE GROUP

At our bigger locations, we offer childcare in two different age groups: children from 0 to 2 years old and children from 2 to 4 years old. At our smaller locations we offer childcare in groups with children from 0 to 4 years old, at some locations combined with pre-school.

AT LEAST TWO HALF-DAYS A WEEK

For pedagogical reasons, we request that your child goes to childcare at least two half-days a week. The morning is from 7.30 AM to 1.00 PM, the afternoon is from 1.00 PM to 6.30 PM. Some of our locations only offer full days of childcare. Other locations also offer half-days of childcare. Check your options at your location or at our child planning department.

CHILDCARE DURING HOLIDAYS

During holidays and study days, the childcare of some locations will take place at another GOO-location nearby. The biggest advantage of our childcare locations working together during holidays, is that there will be more peers for your child to play with and that we can offer challenging activities for every age group. Check the website of your location to see if this applies to your childcare location.

CHILDCARE ALLOWANCE

The mentioned prices in the table above are not the net prices the childcare cost you as a parent, if you are entitled to receive childcare allowance from the government: *kinderopvangtoeslag*. You can easily calculate the amount of your allowance and the net hourly rate, using the calculation tool on our website. The *Belastingdienst* calculates your allowance based on your taxable income. The hourly rates that we use are gross amounts and will be converted into a fixed monthly rate. That means that also during holidays, you receive our bill.

HOW TO APPLY FOR CHILDCARE ALLOWANCE?

You need to apply for the allowance on the website of the *Belastingdienst* via *Mijn toeslagen* or by using the app *Kinderopvangtoeslag*. Don't forget to pass on price changes or a changed amount of hours of childcare. If you do so timely, you will receive the correct allowance. After starting the childcare, you need to let the *Belastingdienst* know within three months. In case of changes, you need to inform the *Belastingdienst* within four weeks.

COMMUNICATION THROUGH THE PARENT PORTAL

As a parent, it is important to know how your child is doing, also when you are not around. We think communication with parents is very important. We communicate with parents through the parent portal. Here, you find photos of your child doing activities in the group, newsletters and messages, as well as bills, annual statements and other important documents like the terms, conditions and protocols. Six weeks before daycare starts, you will automatically receive an e-mail with an invitation to log into our parent portal.

Do you know in advance that your child will not be attending childcare at your regular day? Please let us know through the parent portal. It helps us with our staff planning. And it gives other parents the possibility to exchange a day. If you timely cancel a day of childcare through the parent portal, it will be turned into absence credit. You can check your absence credit in the parent portal.

You receive absence credit...	You can use the absence credit
If you let us know your child won't be attending childcare at least 21 days in advance or if your regular day of childcare falls on a national holiday	30 days before or 60 days after the date

EXCHANGE SERVICE

Our exchange service gives you the opportunity to swap a day (or half a day) of childcare. You can request the exchange days through the parent portal and use the absence credit without extra charge. We will check if there is space for your child on the requested day in the group. You can find the terms and conditions of our exchange service on our website and in the parent portal.
